**Year levels with which the Teacher Candidate worked, special characteristics, nature and size of groups, and brief description of what the Teacher Candidate did (eg. content, topic )**

Emma has worked in a Year 2 class with 13 girls. The class contains many girls working above Year 2 standard who need to be challenged but also has two girls with learning difficulties that are working well below year 2 standard.

They are generally a well behaved class who respond particularly well to positive reinforcement. They are not a particularly confident class and there are several girls who need constant encouragement to take risks to further their learning.

Emma has taught a range of lessons covering all curriculum areas. In this placement she taught a series of lessons related to information texts, developing keyword and paragraphing skills - concepts the girls found extremely challenging. Her Mathematics lessons focused on position, direction, 2D shape transformations and tessellations. Our Integrated Studies topic is Light, Emma taught a series of exciting lessons related to lenses, prisms and colour wheels.

**General Comments**

It has been a pleasure having Emma in the classroom. She has developed into a highly proficient teacher who demonstrates an obvious love of teaching, learning and children.

She has an excellent awareness of how children learn, and developed a range of assessment strategies. She is encouraged to continue focusing on her record keeping ensuring accountability.

Emma is to be commended for the effort she has made integrating technology into her lessons, particularly use of the interactive whiteboard, which has ensured her lessons are visual and all pupils are engaged.

Emma has a particularly warm, gentle nature and the children have grown very fond of her in a short amount of time. Her communication skills have developed considerably, particularly when giving complex instructions. She is reminded to watch the volume of her voice as constant projection can lead to long term damage.

Confident, independent and regularly displaying initiative, Emma has become an wonderful teacher who is definitely ready to teach independently. I thank her for all the effort she has put into my class and school and wish her the best of luck. Her future class and will be very lucky to have her.

**Comments by Teaching Fellow**

Emma's commitment and dedication throughout this placement has been commendable. She was confident, enthusiastic and highly professional at all times. Emma developed a rapport with the students in her class in her warm and caring manner and she established a positive working relationship with his supervising teacher. She was very well organised with her lessons and demonstrated her ability to independently plan learning experiences that engaged students in active learning. Emma enthusiastically developed skills to use the interactive whiteboard and she researched and gained an understanding of the content taught, especially in the area of Science. Emma was highly reflective and demonstrated a willingness to act on advice and refine her teaching as she strives for excellence. Well done Emma on an outstanding achievement and all the best for Semester 4.

**Comments by Teacher Candidate (please comment on your teacher development during this semester)**

I really feel that this last placement really stretched me in terms of my teaching and allowed me to critically examine how, what and why I was teaching.

I cant thank Amanda enough for giving me support and ideas to run with and encouraging me to challenge myself.

I found the placement hard but rewarding and I hope I continue to hone my skills.

I would like to focus upon assessment and dealing with individual differences in semester 4.
